Velvet DT Lab

MADE IN ITALY

MADE IN ITALY

Funzioni principali

Main features

		FACTORY LABLINE LAB	CUT LAB	CENTRUM LAB
 DT Rilevatore doppia tecnologia	DT Dual technology motion detector	●	●	●
 WIRELESS Rilevatore a basso assorbimento per sistemi via radio.	WIRELESS Motion detector for wireless system.	●	●	●
 PORTATA METRI Il rilevatore ha una portata operativa di:	METERS RANGE The detector has an operating range of:	8 mt	8 mt	4 mt
 IMPERMEABILITÀ Il rilevatore è IMPERMEABILE grazie alla presenza di guarnizioni nei profili di chiusura.	WATERPROOF The detector is waterproof due to the presence of seals in closing edge.	●		
 ALIMENTAZIONE Alimentazione 3,6V e 3V	VOLTAGE Voltage 3,6V and 3V	●	●	●
 NO/NC Contatto allarme NO/NC selezionabile da DIP SWITCH.	NO/NC Alarm contact NO/NC selectable by DIP SWITCH.	●	●	●
 COMPENSAZIONE DELLA TEMPERATURA Gli algoritmi di elaborazione ottimizzano automaticamente la rilevazione in funzione della temperatura.	TEMPERATURE COMPENSATION Processing algorithms automatically optimize the detection in function of temperature.	●	●	●
 PET IMMUNITY Immunità agli animali di piccola taglia (con applicazione accessorio dedicato).	PET IMMUNITY Pet immunity (with the application dedicated accessory).	●	●	
 TEMPO DI RITARDO Tempo di ritardo selezionabile.	TIME DELAY Time delay selectable.	●	●	●
 LED OFF Disattiva le visualizzazioni di rilevazione mantenendo abilitate le visualizzazioni delle memorie.	LED OFF Remote enabling LED.	●	●	●
 COLORI Disponibile in diversi colori.	COLORS Available in different colors.			●

Velvet DT Lab

Rilevatori doppia tecnologia wireless a tenda.

La soluzione ideale per le protezioni da esterno.

Dual technology wireless curtain detector.

The ideal solution for outdoor installations.
